

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carl James
DOCKET NO.: 21-02525.001-R-1
PARCEL NO.: 15-23-403-006

The parties of record before the Property Tax Appeal Board are Carl James, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$78,557
IMPR.: \$209,473
TOTAL: \$288,030

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,993 square feet of living area. The dwelling was constructed in 1999 and is 22 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a 571 square foot garage. The property has a 31,363 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located from .85 to 1.04 miles from the subject property. The comparables are improved with two-story dwellings

of brick or brick and wood siding exterior construction ranging in size from 4,191 to 4,374 square feet of living area. The dwellings range in age from 24 to 27 years old and have basements, three of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 814 to 851 square feet of building area. The comparables have improvement assessments that range from \$169,891 to \$192,609 or from \$40.54 to \$44.03 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$288,030. The subject property has an improvement assessment of \$209,743 or \$52.46 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located from .57 to .81 miles from the subject property. The comparables are improved with two-story dwellings of brick or brick and frame exterior construction ranging in size from 3,724 to 4,154 square feet of living area. The dwellings were built from 2004 to 2017 with comparable #5 having a reported effective age of 2005. The comparables have basements, two of which have finished area. Each comparable has central air conditioning, one to three fireplaces and a garage ranging in size from 780 to 987 square feet of building area. The comparables have improvement assessments that range from \$203,866 to \$228,041 or from \$53.47 to \$58.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #1 which is located less proximate to the subject than the other comparables in the record. The Board also gives reduced weight to appellant's comparable #2 as well as board of review comparables #1, #2, #3 and #4 which have unfinished basements and/or are newer dwellings when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #3 and #4 along with board of review comparables #5 which have finished basement area and are similar to the subject in location, age, dwelling size, and other features. These comparables have improvement assessments that range from \$183,132 to \$216,675 or from \$43.56 to \$58.18 per square foot of living area. The subject's improvement assessment of \$209,743 or \$52.46 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
