

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Douglas & Barbara Pantle
DOCKET NO.: 21-02553.001-R-1
PARCEL NO.: 15-06-305-148

The parties of record before the Property Tax Appeal Board are Douglas & Barbara Pantle, the appellants, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,060
IMPR.: \$199,245
TOTAL: \$237,305

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 4,703 square feet of living area. The dwelling was constructed in 2007. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and an 877 square foot garage. The property has a 12,703 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellants submitted information on four comparable sales located within 0.25 of a mile from the subject. The parcels range in size from 11,380 to 13,640 square feet of land area and are improved with 2-story homes of brick, brick and wood siding, or brick and stone exterior construction ranging in size from 3,686 to 4,534 square feet of living area. The dwellings were built from 2006 to 2014. Each home has a basement, one of which has finished area, central air

conditioning, and a garage ranging in size from 737 to 862 square feet of building area. Three home have one to three fireplaces. The comparables sold from April to September 2020 for prices ranging from \$550,000 to \$647,000 or from \$135.97 to \$160.07 per square foot of living area, including land. Based on this evidence the appellants requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$237,305. The subject's assessment reflects a market value of \$713,699 or \$151.75 per square foot of living area, land included, when using the 2021 three year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 0.22 of a mile from the subject. The parcels range in size from 11,630 to 18,600 square feet of land area and are improved with 2-story homes of brick or brick and stone exterior construction ranging in size from 3,650 to 4,589 square feet of living area. The dwellings were built from 2006 to 2018. Each home has a basement, two of which have finished area, central air conditioning, a fireplace, and a garage ranging in size from 713 to 1,007 square feet of building area. The comparables sold from March 2020 to May 2021 for prices ranging from \$800,000 to \$840,000 or from \$179.78 to \$219.18 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven comparable sales for the Board's consideration. The Board gives less weight to the appellants' comparables #1, #2, and #3 and the board of review's comparables #1 and #2, due to substantial differences from the subject in dwelling size and/or basement finish.

The Board finds the best evidence of market value be the appellants' comparable #4 and the board of review's comparable #3, which are similar to the subject in dwelling size, age, location, site size, and features. These most similar comparables sold for prices of \$647,000 and \$840,000 or for \$142.70 and \$187.96 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$713,699 or \$151.75 per square foot of living area, including land, which is bracketed by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
