

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT:	Lee Norton
DOCKET NO.:	21-02603.001-R-1
PARCEL NO .:	14-32-400-004

The parties of record before the Property Tax Appeal Board are Lee Norton, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds <u>no change</u> in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$48,507
IMPR.:	\$92,241
TOTAL:	\$140,748

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,296 square feet of living area. The dwelling was constructed in 1930 but has a 1958 effective age. Features of the home include an unfinished basement, a fully finished attic, a fireplace and a detached 1,728 square foot garage. The property has an approximately 56,570 square foot site and is located in Barrington, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties that are located within .40 of a mile from the subject. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 2,009 to 2,504 square feet of living area. The dwellings were built from 1939 to 1962, with the home built in 1939 having a 1955 effective age. The comparables have unfinished basements, central

air conditioning, a fireplace, and an attached or detached garage ranging in size from 484 to 980 square feet of building area. One comparable has a shed. The comparables have improvement assessments ranging from \$81,350 to \$97,695 or from \$39.02 to \$40.95 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$140,748. The subject property has an improvement assessment of \$92,241 or \$40.17 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five comparable properties that are located within .45 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding or brick exterior construction ranging in size from 2,373 to 2,491 square feet of living area. The dwellings were built from 1936 to 1967, with homes built in 1936, 1962 and 1964 having 1962, 1965 and 1979 effective ages. The comparables have unfinished basements, one of which has a walkout, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 432 to 891 square feet of building area. One comparable has a metal utility shed. The comparables have improvement assessments ranging from \$99,955 to \$111,515 or from \$41.95 to \$46.68 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board finds the parties' comparables are similar to the subject in location, style, age and size. However, each of the parties' comparables has central air conditioning, which is not a feature of the subject, albeit each comparable lacks a fully finished attic and has a smaller garage when compared to the subject. Nevertheless, the parties' comparables have improvement assessments ranging from \$81,350 to \$111,515 or from \$39.02 to \$46.68 per square foot of living area. The subject's improvement assessment of \$92,241 or \$40.17 per square foot of living area falls within the range established by the comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
