

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Donna Dolezal
DOCKET NO.: 21-02645.001-R-1
PARCEL NO.: 15-06-403-003

The parties of record before the Property Tax Appeal Board are Donna Dolezal, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,978
IMPR.: \$105,718
TOTAL: \$136,696

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,611 square feet of living area. The dwelling was constructed in 1989. Features of the home include an unfinished basement, central air conditioning, one fireplace, and an attached garage with 420 square feet of building area. The property has a 9,191 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame exterior construction with each

having 2,643 or 2,660 square feet of living area. The dwellings were built from 1989 to 1993. Each property has a basement with two having finished area, central air conditioning, one fireplace, and an attached garage with either 420 or 497 square feet of building area. These properties have improvement assessments ranging from \$96,635 to \$99,274 or from \$36.33 to \$37.56 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$136,696. The subject property has an improvement assessment of \$105,718 or \$40.49 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame exterior construction with each having 2,611 square feet of living area. The dwellings were built from 1989 to 1991. Each property has an unfinished basement, central air conditioning and an attached garage with 420 square feet of building area. Four comparables each have one fireplace. These properties have improvement assessments ranging from \$107,215 to \$109,523 or from \$41.06 to \$41.95 per square foot of living area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparables for the Board's consideration. The Board gives less weight to appellant's comparables #2 and #3 which have finished basement area as compared to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 and #4 as well as the board of review comparables which have unfinished basements and are similar to the subject in location, age, dwelling size and other features. These comparables have improvement assessments that range from \$96,635 to \$109,523 or from \$36.33 to \$41.95 per square foot of living area. The subject's improvement assessment of \$105,718 or \$40.49 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
