

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph McCullough
DOCKET NO.: 21-02755.001-R-1
PARCEL NO.: 12-17-301-014

The parties of record before the Property Tax Appeal Board are Joseph McCullough, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$62,333
IMPR.: \$278,326
TOTAL: \$340,659

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling with brick exterior construction containing 5,336 square feet of living area. The dwelling was constructed in 2004. Features of the home include a basement with finished area, central air conditioning, three fireplaces, and a 851 square foot garage. The property has an approximately 35,650 square foot site and is located in Lake Bluff, Shields Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .30 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are improved with 1.5-story or 2-story dwellings of stucco or brick exterior construction that range in size from 4,727 to 5,597 square feet of living area. The dwellings are 22 to 30 years old and have basements with finished area. Each comparable has central air conditioning, two or three fireplaces and a garage

ranging in size from 682 to 984 square feet of building area. The comparables have improvement assessments that range from \$214,767 to \$284,139 or from \$45.43 to \$50.78 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$340,659. The subject property has an improvement assessment of \$278,326 or \$52.16 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within .17 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick or stone and stucco exterior construction ranging in size from 4,674 to 5,860 square feet of living area. The comparables were built from 1992 to 2005 and have basements with finished area. Each comparable has central air conditioning, three or four fireplaces, and a garage ranging in size from 777 to 1,000 square feet of building area. The comparables have improvement assessments ranging from \$239,285 to \$357,050 or from \$51.19 to \$60.93 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total seven equity comparables for the Board's consideration. The Board finds these comparables have varying degrees of similarity to the subject in location, design, age, dwelling size, and features. These comparables have improvement assessments ranging from \$214,767 to \$357,050 or from \$45.43 to \$60.93 per square foot of living area. The subject's improvement assessment of \$278,326 or \$52.16 per square foot of living area falls within the range established by the comparables in this record. Based on this record and after considering appropriate adjustments to the comparables for differences from the subject property, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
