

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Francis Brady  
DOCKET NO.: 21-02757.001-R-1  
PARCEL NO.: 12-21-103-030

The parties of record before the Property Tax Appeal Board are Francis Brady, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$96,427  
**IMPR.:** \$306,866  
**TOTAL:** \$403,293

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling with wood siding exterior construction containing 3,100 square feet of living area. The dwelling was constructed in 1997 and is approximately 24 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a 440 square foot detached garage. The property has an 8,470 square foot site and is located in Lake Bluff, Shields Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .34 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of stucco or wood siding exterior construction that range in size from 2,884 to 3,653 square feet of living area. The dwellings are 23 to 28 years old and have basements with finished area. Each comparable also has central air conditioning, one or two fireplaces and an

attached or a detached garage ranging in size from 396 to 528 square feet of building area. Comparable #2 has an additional detached garage. The comparables have improvement assessments that range from \$230,817 to \$260,807 or from \$67.89 to \$84.99 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$403,293. The subject property has an improvement assessment of \$306,866 or \$98.99 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within .40 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of wood siding or wood/asphalt shingle siding exterior construction ranging in size from 2,984 to 3,092 square feet of living area. The comparables were built in 1995 or 1999 and have basements, two of which have finished area. Each comparable has central air conditioning; two fireplaces, and an attached garage ranging in size from 400 to 552 square feet of building area. The comparables have improvement assessments ranging from \$237,865 to \$315,201 or from \$79.71 to \$101.94 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board gives less weight to appellant's comparable #2 due to its considerably larger dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are most similar in dwelling size with varying degrees of similarity in age and features. These comparables have improvement assessments ranging from \$230,817 to \$315,201 or from \$67.89 to \$101.94 per square foot of living area. The subject's improvement assessment of \$306,866 or \$98.99 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the comparables for differences from the subject property, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
