

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank Karkazis
DOCKET NO.: 21-02820.001-R-2
PARCEL NO.: 16-19-400-007

The parties of record before the Property Tax Appeal Board are Frank Karkazis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$215,156
IMPR.: \$337,342
TOTAL: \$552,498

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 6,601 square feet of living area. The dwelling was constructed in 2013. Features of the home include an unfinished basement, central air conditioning, two fireplaces, a garage containing 2,072 square feet of building area, and an inground swimming pool. The property has a 189,050 square foot site and is located in Bannockburn, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within the subject's assessment neighborhood. The comparables consist of 1-story or 2-story dwellings of brick or wood siding exterior construction ranging in size from 5,460 to 6,560 square feet of living area. The homes were built from 1990 to 2005. Each dwelling has central air conditioning, two or three fireplaces, a basement with finished area, and a garage ranging in size from 884 to 1,439

square feet of building area.¹ The parcels range in size from 79,280 to 145,930 square feet of land area. The comparables sold from June 2019 to May 2020 for prices ranging from \$875,000 to \$1,500,000 or from \$149.89 to \$247.85 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$407,103, for an estimated market value of \$1,221,431 or \$185.04 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$552,498. The subject's assessment reflects a market value of \$1,661,648 or \$251.73 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within the subject's assessment neighborhood. The comparables consist of 1-story, 1.5-story or 1.75-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 4,774 to 7,472 square feet of living area. The dwellings were built from 2001 to 2010. Each dwelling has central air conditioning, one to three fireplaces, an unfinished basement, and an attached garage ranging in size from 788 to 1,508 square feet of building area. Comparable #1 has an additional 863 square foot detached garage and an inground swimming pool. The parcels range in size from 78,840 to 137,650 square feet of land area. The comparables sold from February to November 2021 for prices ranging from \$1,181,000 to \$3,550,000 or from \$247.38 to \$475.11 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are not truly similar to the subject due to differences in age, design, dwelling size, and/or features. Nevertheless, the Board gives less weight to the appellant's comparables #1 through #3 due to their more remote sale dates for valuation as of January 1, 2021. The Board also gives reduced weight to board of review comparable #2 due to its dissimilar 1-story design when compared to the subject and board of review comparable #3 due to its smaller dwelling in relation to the subject.

¹ Additional information was drawn from the Multiple Listing Service sheets submitted by the appellant.

The Board finds the best evidence of market value to be the appellant comparable sale #4 and board of review comparable sale #1, which sold proximately to the valuation date at issue and are similar to the subject in design, dwelling size, and some features. These most similar comparables sold for prices of \$875,000 and \$2,250,000 or for \$160.26 and \$316.63 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,661,648 or \$251.73 per square foot of living area, including land, which is bracketed by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
