

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jason Gorska  
DOCKET NO.: 21-02840.001-R-1  
PARCEL NO.: 14-33-204-008

The parties of record before the Property Tax Appeal Board are Jason Gorska, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$40,273  
**IMPR.:** \$142,559  
**TOTAL:** \$182,832

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,050 square feet of living area. The dwelling was constructed in 1986. Features of the home include a basement, central air conditioning, two fireplaces, and an 864 square foot garage. The property has an approximately 39,767 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The comparables are located from 0.47 to 1.28 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 3,160 to 3,519 square feet of living area. The dwellings were built from 1978 to 1993.

Each comparable has a basement, central air conditioning, one fireplace, and a garage ranging in size from 640 to 828 square feet of building area. The comparables have improvement assessments ranging from \$124,471 to \$140,531 or from \$38.57 to \$40.64 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$120,764 or \$39.59 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$182,832. The subject property has an improvement assessment of \$142,559 or \$46.74 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables. The comparables are located from 0.06 of a mile to 0.18 miles from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,844 to 3,155 square feet of living area. The dwellings were built from 1978 to 1987. Each comparable has a basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 576 to 1,044 square feet of building area. The comparables have improvement assessments ranging from \$129,698 to \$145,131 or from \$45.60 to \$47.56 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4 which are less similar to the subject in location or dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2 along with the board of review's comparables. These comparables are relatively similar to the subject in location, dwelling size, age, and some features. These comparables have improvement assessments ranging from \$124,471 to \$145,131 or from \$38.57 to \$47.56 per square foot of living area. The subject's improvement assessment of \$142,559 or \$46.74 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
