

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Lin
DOCKET NO.: 21-02844.001-R-1
PARCEL NO.: 14-15-409-018

The parties of record before the Property Tax Appeal Board are Michael Lin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,733
IMPR.: \$149,920
TOTAL: \$191,653

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,469 square feet of living area. The dwelling was constructed in 1992. Features of the home include a walkout style basement, central air conditioning, two fireplaces and an 880 square foot garage. The property has a 14,544 square foot site and is located in Kildeer, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .47 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of frame exterior construction that range in size from 3,008 to 3,760 square feet of living area. The dwellings were built from 1993 to 1996. Each comparable has a basement with

one having a walkout style, central air conditioning, one or two fireplaces and a garage ranging in size from 644 to 782 square feet of building area. The comparables have improvement assessments that range from \$112,610 to \$158,646 or from \$37.44 to \$42.19 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$191,653. The subject property has an improvement assessment of \$149,920 or \$43.22 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .49 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick, wood siding, or brick and wood siding exterior construction that range in size from 3,438 to 3,901 square feet of living area. The comparables were built from 1994 to 2000. Each comparable has a basement, two of which are walkout style, central air conditioning, from one to three fireplaces and a garage ranging in size from 759 to 908 square feet of building area. The comparables have improvement assessments ranging from \$176,731 to \$185,259 or from \$47.49 to \$52.40 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and the board of review comparable #1 which are less similar to the subject in dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in location, age, dwelling size, foundation type and features. These comparables have improvement assessments that range from \$134,656 to \$180,152 or from \$40.56 to \$52.4 per square foot of living area. The subject's improvement assessment of \$149,920 or \$43.22 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
