

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ewa Leus
DOCKET NO.: 21-02848.001-R-1
PARCEL NO.: 14-11-402-008

The parties of record before the Property Tax Appeal Board are Ewa Leus, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,740
IMPR.: \$129,133
TOTAL: \$160,873

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,220 square feet of living area. The dwelling was constructed in 1989. Features of the home include a basement, central air conditioning, one fireplace, and a 759 square foot garage. The property has an approximately 41,788 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The comparables are located from .18 to 1.22 of a mile from the subject property and within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 3,024 to 3,460 square feet of living area. The dwellings were built from 1987 to 1989. Each

comparable has a basement, one of which is a walkout style, central air conditioning, one fireplace, and a garage ranging in size from 638 to 936 square feet of building area. The comparables have improvement assessments ranging from \$89,495 to \$111,857 or from \$25.87 to \$36.27 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$104,489 or \$32.45 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$160,873. The subject property has an improvement assessment of \$129,133 or \$40.10 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables. The comparables are located from .11 to .87 of a mile from the subject property and within the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 3,223 to 3,360 square feet of living area. The dwellings were built from 1983 to 1989. The board of review reported one comparable has a lower level and four comparables each have a basement. Each comparable has central air conditioning, one or two fireplaces, and a garage ranging in size from 682 to 841 square feet of building area. Comparables #1 and #4 each have an inground swimming pool. The comparables have improvement assessments ranging from \$141,421 to \$147,973 or from \$43.34 to \$45.91 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 which appears to be an outlier with its considerably lower improvement assessment relative to the other comparables in the record. The Board gives less weight to the appellant's comparables #2, #3 and #4 due to their location being more than one mile away from the subject and/or dissimilar walkout style basement. In addition, the Board gives less weight to the board of review comparables #1 and #4 due to their dissimilar walkout style basement and/or presence of an inground swimming pools when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are relatively similar to the subject in location, dwelling size, age, foundation type and features. These comparables have improvement assessments ranging from \$141,421 to

\$144,659 or from \$43.34 to \$43.63 per square foot of living area. The subject's improvement assessment of \$129,133 or \$40.10 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
