

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Craig Lennon
DOCKET NO.: 21-02849.001-R-1
PARCEL NO.: 14-10-204-011

The parties of record before the Property Tax Appeal Board are Craig Lennon, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,076
IMPR.: \$106,313
TOTAL: \$135,389

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 2,680 square feet of living area. The dwelling was built in 1975 and is approximately 46 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a garage with 568 square feet of building area. The property has an approximately 38,280 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 2,542 to 2,864 square feet of living area. The dwellings are either 43 or 44

years old. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a garage that ranges in size from 420 to 726 square feet of building area. The comparables have improvement assessments ranging from \$79,107 to \$106,427 or from \$31.12 to \$37.39 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$94,738 or \$35.35 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$135,389. The subject property has an improvement assessment of \$106,313 or \$39.67 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five comparable properties with the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,741 to 2,860 square feet of living area. The dwellings were built from 1978 to 1985 and thus would range in age from 36 to 43 years old. The comparables each have an unfinished basement with one of these being a walkout style. Each comparable has central air conditioning, one or two fireplaces, and a garage that ranges in size from 462 to 962 square feet of building area. The comparables have improvement assessments ranging from \$113,574 to \$123,118 or from \$39.94 to \$43.05 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables for the Board's consideration. The Board finds the parties' comparables to be similar to the subject in location, design, age, dwelling size, and other features. However, the Board gives less weight to the appellant's comparable #1 which has an improvement assessment that is significantly lower than the other comparables in this record. The eight remaining comparables have improvement assessments ranging from \$98,550 to \$123,118 or from \$35.73 to \$43.05 per square foot of living area. The subject's improvement assessment of \$106,313 or \$39.67 per square foot of living area falls within the range established by these eight comparables. Based on this record and after considering adjustments to these eight comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
