

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Katherine Slater  
DOCKET NO.: 21-02851.001-R-1  
PARCEL NO.: 16-34-202-045

The parties of record before the Property Tax Appeal Board are Katherine Slater, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$43,886  
**IMPR.:** \$74,708  
**TOTAL:** \$118,594

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a tri-level dwelling of brick and wood siding exterior construction with 1,289 square feet of living area. The dwelling was constructed in 1965. Features of the home include a finished lower level, a partial basement, central air conditioning, and a 330 square foot garage. The property has an 8,502 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.30 of a mile from the subject. The parcels range in size from 5,610 to 11,220 square feet of land area and are improved with tri-level homes of wood siding or brick and wood siding exterior construction ranging in size from 1,154 to 1,324 square feet of living area. The dwellings were built from 1955 to 1965, with comparables #1, #3, and #4 having effective ages of 1978, 1983, and 1959, respectively. Each home has a finished lower level and central air conditioning. Three

comparables each have a garage ranging in size from 252 to 400 square feet of building area. The comparables sold from December 2018 to March 2021 for prices ranging from \$250,000 to \$362,500 or from \$198.26 to \$314.12 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$118,594. The subject's assessment reflects a market value of \$356,674 or \$276.71 per square foot of living area, land included, when using the 2021 three year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales where comparable #4 is the same property as the appellant's comparable #3. The comparables are located within 0.30 of a mile from the subject and have sites ranging in size from 5,610 to 9,080 square feet of land area that are improved with tri-level homes of wood siding or brick and wood siding exterior construction. The homes range in size from 1,154 to 1,278 square feet of living area and were built from 1959 to 1977 with comparables #2, #3, and #4 having effective ages of 1990, 1988, and 1983, respectively. Each home has a finished lower level. Four homes have central air conditioning and four homes each have a garage ranging in size from 286 to 528 square feet of building area. Comparable #2 has an inground swimming pool. The comparables sold from February 2020 to October 2021 for prices ranging from \$362,500 to \$425,000 or from \$288.77 to \$333.33 per square foot of living area, including land. Based on this evidence the board of review requested the subject's assessment be sustained.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight comparable sales, with one common sale, for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and the board of review's comparable #5, which each lack a garage that is a feature of the subject, and to the board of review's comparable #2, which has an inground swimming pool unlike the subject. The Board gives less weight to the appellant's comparable #4, which sold less proximate in time to the January 1, 2021 assessment date than other comparables in this record.

The Board finds the best evidence of market value to be the appellant's comparable #2, the appellant's comparable #3/board of review's comparable #4, and the board of review's comparables #1 and #3, which are similar to the subject in dwelling size, location, site size, and features, although none of these comparables has a basement like the subject and three of these comparables have much newer effective ages than the subject, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These most similar

comparables sold from August 2020 to October 2021 for prices ranging from \$250,000 to \$425,000 or from \$198.26 to \$333.33 per square foot of living area, including land. The subject's assessment reflects a market value of \$356,674 or \$276.71 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
