

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rajesh Jaria
DOCKET NO.: 21-02888.001-R-1
PARCEL NO.: 14-22-103-024

The parties of record before the Property Tax Appeal Board are Rajesh Jaria, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,659
IMPR.: \$194,922
TOTAL: \$231,581

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,315 square feet of living area. The dwelling was constructed in 2006. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 668 square foot garage. The property has an approximately 12,066 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within .16 of a mile from the subject. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 4,163 to 4,563 square feet of living area. The dwellings were built in 2005 or 2006. Each comparable has an unfinished basement, one of which is a lookout style, central air conditioning, one fireplace and a garage ranging in size from

660 to 691 square feet of building area. The comparables have improvement assessments ranging from \$175,981 to \$197,149 or from \$42.06 to \$43.30 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$184,293 or \$42.71 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$231,581. The subject property has an improvement assessment of \$194,922 or \$45.17 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located within .15 of a mile from the subject. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 4,260 to 4,453 square feet of living area. The dwellings were built in 2006 or 2007. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and a garage ranging in size from 640 to 836 square feet of building area. The comparables have improvement assessments ranging from \$194,122 to \$202,863 or from \$45.34 to \$46.37 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine suggested equity comparables for the Board's consideration. The Board finds the parties' comparables are relatively similar to the subject in location, age, dwelling size, foundation type, and other features when compared to the subject. The comparables have improvement assessments ranging from \$175,981 to \$202,863 or from \$42.06 to \$46.37 per square foot of above grade living area. The subject has an improvement assessment of \$194,922 or \$45.17 per square foot of above grade living area which falls within the range of all the comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
