

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adam Kaplan
DOCKET NO.: 21-02958.001-R-1
PARCEL NO.: 15-32-109-004

The parties of record before the Property Tax Appeal Board are Adam Kaplan, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,660
IMPR.: \$104,665
TOTAL: \$135,325

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,115 square feet of living area. The dwelling was constructed in 1970. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 500 square foot garage. The property has an approximately 8,770 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on seven comparable sales located within 0.66 of a mile from the subject property. The comparables have sites that range in size from 8,770 to 12,000 square feet of land area and are improved with two-story dwellings of wood siding exterior construction each with 2,115 square feet of living area and built in either 1970 or 1972. Each comparable has a crawl space foundation, central air conditioning, one fireplace and a 500 square foot garage.

The properties sold from March 2019 to December 2020 for prices ranging from \$269,000 to \$338,000 or from \$127.19 to \$159.81 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$108,037 which reflects a market value of \$324,143 or \$153.26 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$135,325. The subject's assessment reflects a market value of \$406,992 or \$192.43 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.40 of a mile from the subject property. The comparables have sites that range in size from 8,770 to 10,610 square feet of land area and are improved with two-story dwellings of wood siding exterior construction each with 2,115 square feet of living area and built from 1968 to 1972. Each comparable has a basement with two having finished area. Each dwelling has central air conditioning, one fireplace and a 500 square foot garage. The properties sold from April 2020 to October 2021 for prices ranging from \$435,000 to \$486,000 or from \$205.67 to \$229.79 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted twelve comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables which have a crawl space foundation in contrast with the subject's finished basement. The Board gives less weight to board of review comparables #1, #2 and #5 which lack finished basement area.

The Board finds the best evidence of market value to be board of review comparables #3 and #4 which are more similar to the subject in location, age, design, dwelling size and other features. These best comparables sold in October 2020 and July 2021 for prices of \$445,000 and \$486,000 or for \$210.40 and \$229.79 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$406,992 or \$192.43 per square foot of living area, including land, which falls below the two best comparable sales in this record on and appears to be uniformly assessed when compared with the total assessments of the two best comparables. Therefore, after considering adjustments to the comparables for differences from the subject the Board finds neither a reduction nor an increase in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
