

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeffrey Goldman  
DOCKET NO.: 21-03011.001-R-1  
PARCEL NO.: 16-29-211-005

The parties of record before the Property Tax Appeal Board are Jeffrey Goldman, the appellant, by attorney Glenn S. Guttman, of Rieff Schramm Kanter & Guttman in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$47,133  
**IMPR.:** \$209,874  
**TOTAL:** \$257,007

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,682 square feet of living area. The dwelling was constructed in 2005. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 495 square foot garage. The property has an approximately 10,110 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick and wood siding exterior construction that range in size from 3,596 to 3,940 square feet of living area. The homes were built in 2002 or 2003. Each comparable has an unfinished basement, central air conditioning,

one or two fireplaces and a garage ranging in size from 400 to 660 square feet of building area. The comparables have improvement assessments that range from \$171,207 to \$216,930 or from \$44.46 to \$55.88 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$193,526 or \$52.56 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$298,092. The subject has an improvement assessment of \$250,959 or \$68.16 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,195 to 3,665 square feet of living area. The homes were built from 2004 to 2008. Each comparable has a basement with two having finished area. Each dwelling has central air conditioning, one or two fireplaces and a garage ranging in size from 441 to 807 square feet of building area. Comparable #3 has an inground swimming pool. The comparables have improvement assessments that range from \$241,215 to \$308,221 or from \$71.11 to \$84.10 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant comparable #2 along with board of review comparables #1, #2, #3 and #5 which are less similar to the subject in dwelling size, garage size, have finished basement area, and/or an inground swimming pool which the subject property lacks.

The Board finds the best evidence of assessment equity to be appellant comparables #1, #3 and #4 as well as board of review comparable #4 which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments that range from \$171,207 to \$251,902 or from \$44.46 to \$72.55 per square foot of living area. Removing the high and low equity comparables, appellant comparable #4 and board of review comparable #4, provides a tighter improvement assessment range of \$200,953 and \$214,723 or for \$54.83 and \$55.88 per square foot of living area. The subject has an improvement assessment of \$250,000 or \$68.16 per square foot of living area which falls above the two best comparables with a narrower range of improvement assessments contained in the record. After considering appropriate adjustments to the best comparables for differences from the subject, the

Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
