

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Quinlan  
DOCKET NO.: 21-03026.001-R-1  
PARCEL NO.: 16-22-412-020

The parties of record before the Property Tax Appeal Board are Michael Quinlan, the appellant, by attorney Dimitrios Trivizas, of Dimitrios P. Trivizas, Ltd. in Skokie; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$37,097  
**IMPR.:** \$169,218  
**TOTAL:** \$206,315

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,380 square feet of living area. The dwelling was constructed in 2006. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a garage containing 426 square feet of building area. The property has an approximately 7,500 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .54 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick, wood siding, brick and wood siding, or brick and aluminum siding exterior construction ranging in size from 2,308 to

2,500 square feet of living area. The homes were built from 1970 to 1983. Each dwelling has a basement with one having finished area and a garage ranging in size from 260 to 500 square feet of building area. Three comparables have central air conditioning and three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$89,678 to \$107,897 or from \$38.72 to \$43.60 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$99,472 or \$41.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$206,315. The subject property has an improvement assessment of \$169,218 or \$71.10 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .89 of a mile of the subject, one of which is in the subject's assessment neighborhood. The comparables consist of two-story dwellings of wood siding, wood siding and brick, wood siding and stone, vinyl siding and stone, or brick and stone exterior construction ranging in size from 2,203 to 2,634 square feet of living area. The homes were built from 2005 to 2018, with comparable # having a reported effective age of 2019. Each dwelling has central air conditioning, and a garage ranging in size from 380 to 483 square feet of building area. Four comparables each have a fireplace, one comparable has a crawl-space foundation, and four comparables each have a basement with three having finished area. The comparables have improvement assessments ranging from \$159,710 to \$187,058 or from \$62.75 to \$84.83 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant argued that board of review comparables #1, #3, #4, and #5 were located outside of the subject's assessment neighborhood and that board of review comparable #2 supported a reduction of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant comparable #4 due to its lack of central air conditioning when compared to the subject. The Board also gives reduced weight to board of review comparables #1, #2, and #4, which differ from the subject in age or foundation.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 through #3 and board of review comparables #3 and #5, which are similar to the subject in age, location, dwelling size, and some features. These comparables have improvement assessments that range from \$100,632 to \$187,058 or from \$41.70 to \$72.64 per square foot of living area. The subject's improvement assessment of \$169,218 or \$71.10 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
