

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Linda Goone
DOCKET NO.: 21-03027.001-R-1
PARCEL NO.: 15-20-301-057

The parties of record before the Property Tax Appeal Board are Linda Goone, the appellant, by attorney Dimitrios Trivizas, of Dimitrios P. Trivizas, Ltd. in Skokie; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,884
IMPR.: \$124,477
TOTAL: \$169,361

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,922 square feet of living area. The dwelling was constructed in 1996. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 639 square foot garage. The property has an approximately 11,760 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables in two grid analyses located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding or brick and wood siding exterior construction with 2,871 or 2,988 square feet of living area. The homes were built from 1995 to 1997. Each comparable has an unfinished basement, central air

conditioning, one fireplace and either a 639 or 649 square foot garage. The comparables have improvement assessments that range from \$121,349 to \$127,286 or from \$41.99 to \$42.60 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$123,564 or \$42.29 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$178,705. The subject has an improvement assessment of \$133,821 or \$45.80 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding or brick and wood siding exterior construction with 2,900 or 2,946 square feet of living area. The homes were built from 1995 to 1997. Each comparable has a basement with four having finished area. Each dwelling has central air conditioning, one fireplace and a garage with either 620 or 651 square feet of building area. The comparables have improvement assessments that range from \$136,520 to \$142,916 or from \$47.08 to \$49.28 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to board of review comparables #1, #2, #3 and #4 which have finished basement area in contrast to the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the appellant's comparables along with board of review comparable #5 which are more similar to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments that range from \$121,349 to \$136,520 or from \$41.99 to \$47.08 per square foot of living area. Removing the comparables with the high and low improvement assessments, appellant comparable #4 and board of review comparable #5, results in a tighter improvement assessment range of \$125,464 to \$127,286 or from \$41.99 to \$42.60 per square foot of living area. The subject's improvement assessment of \$133,821 or \$45.80 per square foot of living area falls above the range established by the best comparables, with the narrowest range, contained in the record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
