

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lesya Sololenko
DOCKET NO.: 21-03084.001-R-1
PARCEL NO.: 14-04-201-009

The parties of record before the Property Tax Appeal Board are Lesya Sololenko, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,338
IMPR.: \$107,238
TOTAL: \$142,576

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding and brick exterior construction with 3,116 square feet of living area. The dwelling was constructed in 2006 and is approximately 15 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces, and a 483 square foot attached garage. The property has an approximately 13,090 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property and located within 0.39 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,038 to 3,320

square feet of living area. The dwellings were built from 2004 to 2007. The comparables each have an unfinished basement with one being a walkout. Each comparable has central air conditioning, one or two fireplaces, and a garage that ranges in size from 440 to 483 square feet of building area. The comparables have improvement assessments that range from \$92,407 to \$105,701 or from \$28.69 to \$31.91 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$95,707 or \$30.71 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$142,576. The subject property has an improvement assessment of \$107,238 or \$34.42 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and within 0.40 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 3,122 to 3,387 square feet of living area. The dwellings were built from 2005 to 2007. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 459 to 525 square feet of building area. The comparables have improvement assessments that range from \$113,695 to \$117,965 or from \$34.70 to \$37.72 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board finds parties' comparables are similar to the subject in location, age, dwelling size, and most features. The comparables have improvement assessments that range from \$92,407 to \$117,965 or from \$28.69 to \$37.72 per square foot of living area. The subject's improvement assessment of \$107,238 or \$34.42 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
