

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dante Tisci  
DOCKET NO.: 21-03099.001-R-1  
PARCEL NO.: 14-04-201-018

The parties of record before the Property Tax Appeal Board are Dante Tisci, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$31,168  
**IMPR.:** \$111,907  
**TOTAL:** \$143,075

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 3,155 square feet of living area. The dwelling was constructed in 2005. Features of the home include a basement, central air conditioning, a fireplace, and a 504 square foot garage. The property has a 14,096 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick or wood siding exterior construction ranging in size from 3,038 to 3,485 square feet of living area. The dwellings were built from 2005 to 2007. Each home has a basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 464 to 539 square feet of building area. The comparables have

improvement assessments ranging from \$92,407 to \$117,243 or from \$30.42 to \$34.19 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$143,075. The subject property has an improvement assessment of \$111,907 or \$35.47 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of wood siding or brick and wood siding exterior construction ranging in size from 3,122 to 3,192 square feet of living area. The dwellings were built from 2004 to 2007. Each home has a basement, central air conditioning, a fireplace, and a garage ranging in size from 441 to 516 square feet of building area. The comparables have improvement assessments ranging from \$109,654 to \$117,766 or from \$34.51 to \$37.72 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be sustained.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration, which are similar to the subject in dwelling size, age, location, and features. The comparables have improvement assessments that range from \$92,407 to \$117,766 or from \$30.42 to \$37.72 per square foot of living area. The subject's improvement assessment of \$111,907 or \$35.47 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
