

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thang Tran  
DOCKET NO.: 21-03102.001-R-1  
PARCEL NO.: 14-03-103-020

The parties of record before the Property Tax Appeal Board are Thang Tran, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$43,971  
**IMPR.:** \$120,803  
**TOTAL:** \$164,774

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 2-story dwelling of wood siding and brick exterior construction with 2,918 square feet of living area. The dwelling was built in 2000. Features of the home include an unfinished walkout basement, central air conditioning, one fireplace, and a garage with 782 square feet of building area. The property has an approximately 26,572 square foot site<sup>1</sup> and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property and within 0.17 of a mile from the subject. The properties are improved with 2-story dwellings of frame or brick and frame exterior construction ranging in size from 3,038 to 3,322 square feet of living area. The

homes were built from 2000 to 2003. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a garage that ranges in size from 506 to 1,100 square feet of building area. These comparables have improvement assessments ranging from \$119,585 to \$133,098 or from \$38.13 to \$40.07 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$114,852 or \$39.36 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$164,774. The subject property has an improvement assessment of \$120,803 or \$41.40 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and within 0.22 of a mile from the subject. The properties are improved with 2-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,916 to 3,300 square feet of living area. The dwellings were built from 2000 to 2003. The comparables each have an unfinished basement with two of these being walkouts. Each comparable has central air conditioning, one fireplace, and a garage that ranges in size from 660 to 873 square feet of building area. These comparables have improvement assessments ranging from \$118,531 to \$145,850 or from \$40.65 to \$48.81 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine equity comparables submitted by the parties to support their respective positions. The Board gives less weight to the appellant's comparables #1, #3, and #4 as well as board of review comparables #2 and #3 which are less similar to the subject in dwelling size than other comparables in this record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are more similar to the subject in location, design, age, dwelling size, and other features. The four comparables have improvement assessments ranging from \$118,531 to \$145,850 or from \$39.36 to \$48.81 per square foot of living area. The subject's improvement assessment of \$120,803 or \$41.40 per square foot of living area which falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
