

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sarith Ven
DOCKET NO.: 21-03111.001-R-1
PARCEL NO.: 14-03-104-020

The parties of record before the Property Tax Appeal Board are Sarith Ven, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,106
IMPR.: \$154,020
TOTAL: \$200,126

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,968 square feet of living area. The dwelling was built in 2003. Features of the home include an unfinished walkout basement, central air conditioning, one fireplace, and a 926 square foot attached garage. The property has an approximately 31,281 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property and within 0.28 from the subject. The comparables are improved with 2-story dwellings of brick or brick and frame exterior construction ranging in size from 3,490 to 4,368 square feet of living area. The dwellings were built from 2001 to 2003. Each comparable has an unfinished

basement, central air conditioning, one fireplace, and either one or two attached garages that range in size from 630 to 848 square feet of total building area. The comparables have improvement assessments ranging from \$129,897 to \$149,401 or from \$33.91 to \$37.22 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$142,421 or \$35.89 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$200,126. The subject property has an improvement assessment of \$154,020 or \$38.82 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and within 0.30 of a mile from the subject. The comparables are improved with 2-story dwellings of brick and wood siding exterior construction ranging in size from 3,953 to 4,127 square feet of living area. The dwellings were built from 2001 to 2003. Each comparable has an unfinished basement, central air conditioning, one fireplace, and an attached garage that ranges in size from 713 to 882 square feet of building area. The comparables have improvement assessments ranging from \$153,750 to \$171,775 or from \$38.79 to \$41.71 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #4 which differs from the subject in dwelling size or has an additional attached garage, unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #3 as well as the board of review comparables which are more similar to the subject in location, design, age, dwelling size, and other features. These comparables have improvement assessments ranging from \$142,679 to \$171,775 or from \$36.10 to \$41.71 per square foot of living area. The subject's improvement assessment of \$154,020 or \$38.82 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
