

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Wlodarczyk
DOCKET NO.: 21-03131.001-R-1
PARCEL NO.: 14-21-210-018

The parties of record before the Property Tax Appeal Board are David Wlodarczyk, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,197
IMPR.: \$116,876
TOTAL: \$142,073

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,401 square feet of living area. The dwelling was constructed in 1988. Features of the home include an 881 square foot unfinished basement, central air conditioning, and a 504 square foot garage. The property has an approximately 12,197 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparables¹ with the same assessment neighborhood code as the subject. The comparables consist of two-

story dwellings of frame exterior construction ranging in size from 2,454 to 2,709 square feet of living area and were built in 1991 or 1992. Each comparable has from an 810 to 1,370 square foot unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 440 to 483 square feet of building area. The comparables have improvement assessments ranging from \$92,995 to \$124,618 or from \$37.02 to \$46.00 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$142,073. The subject property has an improvement assessment of \$116,876 or \$48.68 per square foot of living area, when using 2,500 square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five comparables with the same assessment neighborhood code as the subject. The comparables consist of two-story dwellings of wood siding exterior construction, each of which have 2,401 square feet of living area and were built in 1988. Each comparable has from a 712 to an 883 square foot unfinished basement, central air conditioning, one fireplace, and 504 square foot garage. Comparable #3 has an inground swimming pool. The comparables have improvement assessments ranging from \$119,389 to \$127,519 or from \$49.72 to \$53.11 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in dwelling size and/or other features than the board of review comparables. The Board also gives less weight to the board of review comparable #3 which has an inground swimming pool, unlike the subject.

The Board finds the best evidence of equity to be board of review's comparables #1, #2, #4 and #5 which are identical to the subject in age, dwelling size, foundation type, and most features. These four comparables have improvement assessments that range from \$119,389 to \$127,519 or from \$49.72 to \$53.11 per square foot of living area. The subject's improvement assessment of \$116,876 or \$48.68 per square foot of living area falls below the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
