

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jack Yao
DOCKET NO.: 21-03132.001-R-1
PARCEL NO.: 14-23-301-013

The parties of record before the Property Tax Appeal Board are Jack Yao, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$54,766
IMPR.: \$164,820
TOTAL: \$219,586

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 4,567 square feet of living area. The dwelling was constructed in 1989 and is approximately 32 years old. Features of the home include a basement, central air conditioning, one fireplace and a 917 square foot garage. The property has an approximately 67,215 square foot site and is located in Long Grove, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within .17 of a mile from the subject and have the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick, frame or brick and frame exterior construction that range in size from 4,076 to 4,558 square feet of living area. The homes were built from 1987 to 1990. Each comparable has a

basement with two having either walkout or lookout style, central air conditioning, one or three fireplaces and a garage ranging in size from 703 to 936 square feet of building area. The comparables have improvement assessments that range from \$98,283 to \$148,524 or from \$22.71 to \$34.72 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$141,508 or \$30.98 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$219,586. The subject has an improvement assessment of \$164,820 or \$36.09 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located within .72 of a mile from the subject and have the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 4,311 to 4,893 square feet of living area. The homes were built from 1988 to 1990. Each comparable has a basement, central air conditioning, one to three fireplaces and a garage ranging in size from 575 to 888 square feet of building area. Comparable #3 has an inground swimming pool. The comparables have improvement assessments that range from \$158,055 to \$171,256 or from \$32.30 to \$37.79 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 which appears to be an outlier with its considerably lower improvement assessment relative to the other comparables in the record. The Board also gives less weight to the board of review comparable #3 which has an inground swimming pool, unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are relatively similar to the subject in location, age, dwelling size, and other features. These seven comparables have improvement assessments that range from \$139,848 to \$171,256 or from \$32.30 to \$37.79 per square foot of living area. The subject's improvement assessment of \$164,820 or \$36.09 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
