

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sergey Zborovsky
DOCKET NO.: 21-03136.001-R-1
PARCEL NO.: 14-20-410-002

The parties of record before the Property Tax Appeal Board are Sergey Zborovsky, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,184
IMPR.: \$160,085
TOTAL: \$189,269

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,610 square feet of living area. The dwelling was constructed in 2001. Features of the home include an unfinished basement, central air conditioning, a fireplace, and an 814 square foot garage. The property has an approximately 13,068 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties that are located within 0.58 of a mile from the subject property and have the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of frame and brick exterior construction ranging in size from 3,068 to 3,879 square feet of living area. The homes were built in 1995 or 2001. Each comparable has an unfinished

basement, central air conditioning, one fireplace and a garage ranging in size from 504 to 650 square feet of building area. The comparables have improvement assessments that range from \$129,629 to \$166,568 or from \$42.25 to \$43.41 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$154,652 or \$42.84 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$189,269. The subject has an improvement assessment of \$160,085 or \$44.34 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five comparable properties that are located within 0.12 of a mile from the subject property and have the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 3,298 to 3,835 square feet of living area. The homes were built in 2001 or 2002. Each comparable has an unfinished basement, central air conditioning, and a garage ranging in size from 440 to 773 square feet of building area. Four comparables each have one fireplace. The comparables have improvement assessments that range from \$151,576 to \$168,178 or from \$43.42 to \$45.96 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 which are less similar to the subject in dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 along with board of review comparables. These comparables are each relatively similar to the subject in location, age, dwelling size, foundation, and most features when compared to the subject. These seven comparables have improvement assessments ranging from \$139,796 to \$168,178 or from \$42.94 to \$45.96 per square foot of living area. The subject's improvement assessment of \$160,085 or \$44.34 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
