

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Zettlmeier  
DOCKET NO.: 21-03137.001-R-1  
PARCEL NO.: 14-30-211-016

The parties of record before the Property Tax Appeal Board are William Zettlmeier, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$24,919  
**IMPR.:** \$103,394  
**TOTAL:** \$128,313

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,990 square feet of living area. The dwelling was constructed in 1989. Features of the home include a 995 square foot unfinished basement, 2.5 bathrooms, central air conditioning, and a 400 square foot garage. The property has an approximately 11,700 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables<sup>1</sup> that have the same assessment neighborhood code as the subject. The comparables

are improved with two-story dwellings of frame exterior construction ranging in size from 1,990 to 2,254 square feet of living area. The dwellings were each built in 1989. Each comparable has from a 988 to 1,280 square foot unfinished basement, 2.5 or 3.5 bathrooms, central air conditioning, one fireplace and a 400 square foot garage. The comparables have improvement assessments ranging from \$94,989 to \$107,798 or from \$46.06 to \$47.83 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$93,674 or \$47.07 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$128,313. The subject property has an improvement assessment of \$103,394 or \$51.96 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables that have the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction, each of which have 1,990 square feet of living area and were built in 1988 or 1989. Each comparable has a 995 square foot unfinished basement, 2.5 bathrooms, central air conditioning, one fireplace, and 400 square foot garage. The comparables have improvement assessments ranging from \$106,207 to \$111,892 or from \$53.37 to \$56.23 per square foot of living area.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #4 which are less similar to the subject in dwelling size and/or other features than the other comparables in the record.

The Board finds the best evidence of equity to be the appellant's comparable #3 and the board of review comparables which are practically identical to the subject in overall property characteristics including dwelling size, age, foundation and features. These six comparables have improvement assessments that range from \$94,989 to \$111,892 or from \$47.73 to \$56.23 per square foot of living area. The subject's improvement assessment of \$103,394 or \$51.96 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
