

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Benton
DOCKET NO.: 21-03165.001-R-1
PARCEL NO.: 16-32-411-062

The parties of record before the Property Tax Appeal Board are Robert Benton, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,338
IMPR.: \$139,426
TOTAL: \$163,764

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,070 square feet of living area. The dwelling was constructed in 1991 and is 30 years old. Features of the home include a partial basement, central air conditioning, a fireplace and a 396 square foot garage. The property has an approximately 3,036 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick exterior construction with each having 2,070 square

feet of living area. The dwellings are 28 to 32 years old. Each comparable has partial basement, central air conditioning, one fireplace and a 396 square foot garage. The comparables have improvement assessments that range from \$115,354 to \$123,867 or from \$55.73 to \$59.84 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$163,764. The subject property has an improvement assessment of \$139,426 or \$67.36 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on eight equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of brick and wood siding exterior construction with each having 2,070 square feet of living area. The dwellings were built from 1989 to 1993. Each comparable has a partial basement, central air conditioning, one fireplace and a 396 square foot garage. The comparables have improvement assessments that range from \$136,793 to \$151,988 or from \$66.08 to \$73.42 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of 12 suggested equity comparables for the Board's consideration which are similar in location, age and identical or nearly identical to the subject dwelling in size and features. These comparables have improvement assessments that range from \$115,354 to \$151,988 or from \$55.73 to \$73.42 per square foot of living area. The subject's improvement assessment of \$139,426 or \$67.36 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
