

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vincent Chang
DOCKET NO.: 21-03166.001-R-1
PARCEL NO.: 16-05-408-009

The parties of record before the Property Tax Appeal Board are Vincent Chang, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$93,735
IMPR.: \$165,432
TOTAL: \$259,167

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,649 square feet of living area. The dwelling was constructed in 1997 and is 24 years old. Features of the home include a slab foundation, central air conditioning, a fireplace and an 805 square foot garage. The property has an approximately 64,468 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 4,658 to

4,770 square feet of living area. The dwellings are 31 or 32 years old. One comparable has a basement and two comparables have slab foundations. Each comparable has central air conditioning, two fireplaces and a garage ranging in size from 768 to 900 square feet of building area. The comparables have improvement assessments that range from \$136,478 to \$199,263 or from \$29.30 to \$41.77 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$259,167. The subject property has an improvement assessment of \$165,432 or \$45.34 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on seven equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 1-story to 2-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 3,201 to 4,010 square feet of living area. The dwellings were built from 1993 to 2001. Four comparables have basements, one of which has finished area and three comparables have slab foundations. Each comparable has central air conditioning, one or two fireplaces and a garage ranging size from 713 to 1,152 square feet of building area. The comparables have improvement assessments that range from \$156,100 to \$219,498 or from \$45.63 to \$58.42 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables along with board of review comparables #2, #4, #6 and #7 due to differences from the subject dwelling in foundation type, size and/or design/story height when compared to the subject.

The Board finds the best evidence of equity to be board of review comparables #1, #3 and #5 which are more similar to the subject in location, dwelling size, design, age and features. These comparables have improvement assessments that range from \$156,100 to \$188,623 or from \$45.63 to \$52.19 per square foot of living area. The subject's improvement assessment of \$165,432 or \$45.34 per square foot of living area falls within the range established by the best comparables in the record on an overall basis and slightly below on a per square foot basis. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
