

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Harry Gold  
DOCKET NO.: 21-03171.001-R-1  
PARCEL NO.: 16-29-105-009

The parties of record before the Property Tax Appeal Board are Harry Gold, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$70,784  
**IMPR.:** \$134,872  
**TOTAL:** \$205,656

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,744 square feet of living area. The dwelling was constructed in 1956 and is approximately 65 year old. Features of the home include a partial basement with finished area, central air conditioning, a fireplace, and a 420 square foot garage. The property has an approximately 13,200 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1.8-story or 2-story homes of brick or wood siding exterior construction ranging in size from 2,205 to 3,456 square feet of living area. The dwellings range in age from 81 to 91 years old. Each home has an unfinished partial or full basement, central air

conditioning, and a garage ranging in size from 360 to 528 square feet of building area. Three homes each have a fireplace. The comparables have improvement assessments ranging from \$96,077 to \$144,610 or from \$40.17 to \$43.57 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$205,656. The subject property has an improvement assessment of \$134,872 or \$49.15 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1.75-story or 2-story homes of brick or wood siding exterior construction ranging in size from 2,563 to 2,991 square feet of living area. The dwellings were built from 1941 to 1959 with comparables #1 and #3 having effective ages of 1974 and 1975, respectively. Four homes each have a partial or full basement, two of which have finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 399 to 700 square feet of building area. The comparables have improvement assessments ranging from \$138,705 to \$169,205 or from \$46.37 to \$60.78 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparables #1, #3, and #5, due to substantial differences from the subject in age/effective age, dwelling size, and/or foundation type.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2 and #4, which are similar to the subject in dwelling size, age, location, and some features, although one of these comparables does not have finished basement area like the subject, suggesting that an upward adjustment to this comparable would be needed to make it more similar to the subject. These most similar comparables have improvement assessments of \$155,630 and \$157,868 or \$60.72 and \$54.21 per square foot of living area, respectively. The subject's improvement assessment of \$134,872 or \$49.15 per square foot of living area falls

below the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
