

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Porges
DOCKET NO.: 21-03176.001-R-1
PARCEL NO.: 16-21-413-021

The parties of record before the Property Tax Appeal Board are Robert Porges, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,193
IMPR.: \$166,110
TOTAL: \$206,303

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 4,287 square feet of living area. The dwelling was constructed in 1965 and is 56 years old. Features of the home include a slab foundation, central air conditioning, two fireplaces and a 441 square foot garage. The property has a 7,320 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 1.8-story or 2-story dwellings of wood siding exterior construction ranging in size

¹ The parties agreed to forgo the scheduled virtual hearing on this case and have the Board issue a decision based on the evidence in the record.

from 3,555 to 4,501 square feet of living area. The dwellings are either 81 or 91 years old. The comparables have basements, two of which have finished area. Each comparable has central air conditioning, one to four fireplaces and a garage ranging in size from 484 to 816 square feet of building area. The comparables have improvement assessments that range from \$120,072 to \$138,826 or from \$30.84 to \$35.14 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$206,303. The subject property has an improvement assessment of \$166,110 or \$38.75 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 1-story² to 2.5-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,330 to 3,731 square feet of living area. The dwellings were built from 1925 to 1975 with comparables #1 and #5 having effective years built of 1945 and 1966, respectively. Four comparables have basements and one comparable has a crawl space foundation. Each comparable has central air conditioning, one or two fireplaces and a garage ranging size from 504 to 713 square feet of building area. The comparables have improvement assessments that range from \$136,959 to \$181,685 or from \$40.33 to \$48.70 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board finds neither party presented comparables that are truly similar to the subject due to differences in age, dwelling size and/or features. Nevertheless, these comparables have improvement assessments that range from \$120,072 to \$181,685 or from \$30.84 to \$48.70 per square foot of living area. The subject's improvement assessment of \$166,110 or \$38.75 per square foot of living area falls within the range established by the comparables in the record. Based on this record and after considering adjustments to the comparables for differences in age, dwelling size and features when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

² Board of review comparable #2 has ground floor area of 1,246 square feet with above ground area of 3,472 square feet, suggesting this is a part two-story dwelling.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
