

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steve Ackerman  
DOCKET NO.: 21-03192.001-R-1  
PARCEL NO.: 16-28-107-021

The parties of record before the Property Tax Appeal Board are Steve Ackerman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.<sup>1</sup>

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$51,480  
**IMPR.:** \$106,732  
**TOTAL:** \$158,212

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction with 1,376 square feet of living area. The dwelling was built in 1958 and is 63 years old. Features of the home include a finished lower level, central air conditioning, one fireplace, and a 600 square foot garage. The property has an approximately 10,120 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within .35 miles from the subject property. The comparables have sites ranging in size from 8,502 to 10,319 square feet of land area and are improved with one-story dwellings of brick exterior construction ranging in

size from 1,389 to 1,815 square feet of living area. The dwellings are 60 to 65 years old. Each comparable has a lower level with finished area, central air conditioning, one fireplace, and a garage ranging in size from 252 to 525 square feet of building area. The comparables sold from August 2018 to December 2020 for prices ranging from \$389,000 to \$510,000 or from \$260.06 to \$292.43 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$158,212. The subject's assessment reflects a market value of \$474,683 or \$344.97 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located within .22 miles from the subject property. The comparables have sites ranging in size from 8,770 to 13,070 square feet of land area. The comparables are improved with one-story dwellings of brick or brick and wood siding exterior construction ranging in size from 1,350 to 1,572 square feet of living area. The dwellings were built in 1957 or 1959. Each comparable has a finished lower level, central air conditioning, a fireplace and a garage that ranges in size from 440 to 528 square feet of building area. The properties sold from October 2020 to November 2021 for prices ranging from \$515,000 to \$585,000 or from \$341.29 to \$422.15 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested comparable sales for the Board's consideration. The Board gives less weight to appellant's comparable sales #1, #3 and #4 which are less similar in dwelling size and are less likely to be reflective of market value as they sold over 17 months prior to the January 1, 2021 assessment date.

The Board finds the best evidence of market value to be appellant's comparable #2 and the board of review comparables which sold more proximate in time to the assessment date at issue and are similar to the subject in location, site size, design, dwelling size, age and most features. These comparables sold from October 2020 to November 2021 for prices ranging from \$389,000 to \$585,000 or from \$280.06 to \$422.15 per square foot of living area, including land. The subject's assessment reflects a market value of \$474,683 or \$344.97 per square foot of living area, including land, which is within the range established by the best comparable sales in the record. Therefore, after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
