

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jonathan Kaelter
DOCKET NO.: 21-03193.001-R-1
PARCEL NO.: 16-21-407-004

The parties of record before the Property Tax Appeal Board are Jonathan Kaelter, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,241
IMPR.: \$131,587
TOTAL: \$167,828

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,548 square feet of living area. The dwelling was built in 1975 and is 46 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a 600 square foot garage. The property has a 7,300 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within .34 miles from the subject property. The comparables have sites ranging in size from 7,501 to 12,148 square feet of land area and are improved with two-story dwellings of brick exterior construction ranging in

size from 2,530 to 2,856 square feet of living area. The dwellings are 43 to 53 years old. Each comparable has an unfinished basement, central air conditioning, and a garage ranging in size from 440 to 477 square feet of building area. Three comparables each have a fireplace. The comparables sold from January to August 2020 for prices ranging from \$384,000 to \$415,000 or from \$138.31 to \$154.80 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$167,828. The subject's assessment reflects a market value of \$503,534 or \$197.62 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within .37 miles from the subject property.² The comparables have sites ranging in size from 8,210 to 15,670 square feet of land area. The comparables are improved with one-story³ or two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,314 to 2,856 square feet of living area. The dwellings were built from 1966 to 1978. The comparables have basements, two of which have finished area. Each comparable has central air conditioning and a garage that ranges in size from 420 to 567 square feet of building area. Three comparables each have a fireplace. The properties sold from March to September 2021 for prices ranging from \$496,000 to \$890,000 or from \$205.88 to \$311.62 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested comparable sales for the Board's consideration as one property sold twice. These comparables are relatively similar to the subject in location, age, dwelling size and some features. However, the Board finds board of review comparable #3 appears to be an outlier as it sold considerably higher than the other comparable sales in the record and thus, it was given reduced weight. The Board gives more weight to the remaining comparables which sold from January 2020 to August 2021 for prices ranging from \$384,000 to \$610,000 or from \$138.31 to \$218.80 per square foot of living area, including land. The subject's assessment reflects a market value of \$503,534 or \$197.62 per square foot of living area,

² The Board finds the board of review comparable #3 is the same property as appellant's comparable #1. However, the Board finds the board of review reported a subsequent sale that occurred in September of 2021 for \$890,000.

³ Board of review comparable #3 has ground floor area of 917 square feet with above ground area of 2,817 square feet, suggesting this is a part two-story dwelling.

including land, which is within the range established by the best comparable sales in the record. Therefore, after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
