

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Denise Krol
DOCKET NO.: 21-03218.001-R-1
PARCEL NO.: 16-28-108-002

The parties of record before the Property Tax Appeal Board are Denise Krol, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$61,382
IMPR.: \$141,025
TOTAL: \$202,407

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 3,511 square feet of living area. The dwelling was constructed in 1959 and is 62 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a garage with 675 square feet of building area. The property has a 13,089 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick exterior construction that range in

size from 2,050 to 2,331 square feet of living area and are 62 or 63 years old. The comparables each have an unfinished basement, central air conditioning, one fireplace and a garage that ranges in size from 286 to 550 square feet of building area. The comparables have improvement assessments that range from \$64,195 to \$75,521 or from \$28.23 to \$33.12 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$202,407. The subject property has an improvement assessment of \$141,025 or \$40.17 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with one-story dwellings of brick and wood siding exterior construction ranging in size from 3,016 to 3,432 square feet of living area. The homes were built in 1960 or 1964 with the oldest comparable having an effective year built of 1978. One comparable is reported to have a basement that is partially finished with a recreation room and two comparables have either crawl space or slab foundations. Each comparable has central air conditioning and a garage that ranges in size from 440 to 546 square feet of building area. Two comparables each have one or two fireplaces. The comparables have improvement assessments that range from \$110,504 to \$147,961 or from \$36.64 to \$43.11 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which have significantly smaller dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are more similar to the subject in dwelling size but have varying degrees of similarity in age and features. Nevertheless, these comparables have improvement assessments that range from \$110,504 to \$147,961 or from \$36.64 to \$43.11 per square foot of living area. The subject's improvement assessment of \$141,025 or \$40.17 per square foot of living area falls below the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
