

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gerald & Judith Meister
DOCKET NO.: 21-03231.001-R-1
PARCEL NO.: 16-28-202-010

The parties of record before the Property Tax Appeal Board are Gerald & Judith Meister, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$64,097
IMPR.: \$114,529
TOTAL: \$178,626

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood siding exterior construction with 2,674 square feet of living area. The dwelling was built in 1966 and is approximately 55 years old. Features of the home include an unfinished basement, central air conditioning, and one fireplace. The property has an approximately 13,599 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.21 of a mile from the subject. The comparables are reported to be improved with 1-story dwellings of brick exterior construction ranging in size from 2,171 to 3,120 square feet of living area. The dwellings range in age from 65 to 74 years old. Each comparable has a

basement with one having finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 280 to 506 square feet of building area. The improvement assessments on these properties range from \$76,669 to \$120,092 or from \$35.10 to \$38.49 per square foot of living area. The appellants requested the subject's improvement assessment be reduced to \$99,573 or \$37.24 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$178,626. The subject property has an improvement assessment of \$114,529 or \$42.83 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject property and located within 0.43 miles from the subject. The comparables are improved with 1-story dwellings of wood siding or brick exterior construction ranging in size from 2,483 to 2,698 square feet of living area. The dwellings were built from 1956 to 1963. Each comparable has a basement with one having finished area, central air conditioning, one fireplace, and a garage ranging in size from 308 to 462 square feet of building area. The improvement assessments on these properties range from \$81,657 to \$122,029 or from \$32.89 to \$45.23 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on seven comparables to support their respective positions. The Board gives less weight to the appellants' comparables which differ from the subject in dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the board of review comparables which are similar to the subject in location, design, age, dwelling size, and some features. However, each comparable has a garage, unlike the subject, and one comparable has basement finish, which is not a feature of the subject. Nevertheless, these comparables have improvement assessments that range from \$81,657 to \$122,029 or from \$32.89 to \$45.23 per square foot of living area. The subject's improvement assessment of \$114,529 or \$42.83 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the subject for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
