

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Claudio DiVargo
DOCKET NO.: 21-03236.001-R-1
PARCEL NO.: 16-09-110-009

The parties of record before the Property Tax Appeal Board are Claudio DiVargo, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,339
IMPR.: \$124,704
TOTAL: \$190,043

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,418 square feet of living area. The dwelling was built in 1969 and is approximately 52 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a 520 square foot garage. The property has a 12,750 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction that range in size from

2,022 to 2,883 square feet of living area and are 42 to 55 years old. The comparables are reported to have basements with one having finished area. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 420 to 484 square feet of building area. The comparables have improvement assessments ranging from \$86,562 to \$123,416 or from \$40.72 to \$42.81 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$190,043. The subject has an improvement assessment of \$124,704 or \$51.57 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are described as two-story dwellings of wood siding or brick and wood siding exterior construction that range in size from 2,363 to 2,507 square feet of living area. The comparables were built from 1967 to 1972. Each comparable has a basement with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 462 to 856 square feet of building area. The comparables have improvement assessments ranging from \$118,185 to \$129,613 or from \$49.31 to \$53.74 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #3 and #4 which have an unfinished basement and differ in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #2 along with the board of review comparables. These comparables are more similar to the subject in location, age, dwelling size and most features. These comparables have improvement assessments ranging from \$107,322 to \$129,613 or from \$42.30 to \$53.74 per square foot of living area. The subject's improvement assessment of \$124,704 or \$51.57 per square foot of living area falls within the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
