

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Crawford
DOCKET NO.: 21-03239.001-R-1
PARCEL NO.: 16-07-401-006

The parties of record before the Property Tax Appeal Board are James Crawford, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$99,609
IMPR.: \$186,985
TOTAL: \$286,594

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,580 square feet of living area. The dwelling was built in 1990 and is approximately 31 years old. Features of the home include a slab foundation, central air conditioning, two fireplaces and a 704 square foot garage. The property has a 23,500 square foot site and is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 1.8-story or 2-story dwellings of wood siding or brick exterior construction that

range in size from 3,893 to 4,270 square feet of living area and are 28 to 30 years old. Three comparables are reported to have basements with finished area and one comparable has a slab foundation. Each comparable has central air conditioning, one to four fireplace and a garage ranging in size from 654 to 818 square feet of building area. The comparables have improvement assessments ranging from \$156,394 to \$193,896 or from \$40.17 to \$45.41 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$286,594. The subject has an improvement assessment of \$186,985 or \$52.23 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are described as 2-story dwellings of wood siding, brick, or brick and wood siding exterior construction that range in size from 3,496 to 4,177 square feet of living area. The comparables were built from 1989 to 1991. Each comparable has a slab foundation, central air conditioning, one or two fireplaces and a garage ranging in size from 672 to 936 square feet of building area. Board of review comparable #5 is reported to have a 1,791 square feet recreation room. The comparables have improvement assessments ranging from \$188,915 to \$229,527 or from \$45.23 to \$56.66 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2 and #4 which have finished basement area and board of review comparable #5 which has a 1,791 square recreation room unlike the subject. The Board also gives less weight to appellant's comparable #3 which has a considerably larger dwelling size when compared to the subject. The Board finds the best evidence of assessment equity to be board of review comparables #1 through #4 which overall are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$198,088 to \$229,527 or from \$53.52 to \$56.66 per square foot of living area. The subject's improvement assessment of \$186,985 or \$52.23 per square foot of living area falls below the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
