

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Amiel Arieti
DOCKET NO.: 21-03246.001-R-1
PARCEL NO.: 16-32-407-014

The parties of record before the Property Tax Appeal Board are Amiel Arieti, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,262
IMPR.: \$86,543
TOTAL: \$134,805

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of brick and wood siding exterior construction with 1,720 square feet of living area. The dwelling was built in 1960 and is approximately 61 years old. Features of the home include a concrete slab foundation, central air conditioning, and a garage with 300 square feet of building area. The property has an approximately 8,999 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.47 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 1,924 to 2,003 square feet of

living area. The dwellings range in age from 57 to 62 years old. Each comparable has a basement with three having finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 264 to 462 square feet of building area. The improvement assessments on these properties range from \$75,121 to \$78,468 or from \$38.60 to \$40.16 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$67,561 or \$39.28 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$134,805. The subject property has an improvement assessment of \$86,543 or \$50.32 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located within 0.25 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 1,670 to 1,720 square feet of living area. The dwellings were built in 1960 or 1961. Each comparable has a concrete slab foundation, central air conditioning, and a garage ranging in size from 252 to 325 square feet of building area. One comparable has one fireplace. The improvement assessments on these properties range from \$63,014 to \$91,630 or from \$37.73 to \$53.27 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables to support their respective positions. The Board gives less weight to the appellant's comparables and board of review comparables #2 and #3 which are less similar in dwelling size to the subject than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the three remaining board of review comparables which are identical to the subject in dwelling size with varying degrees of similarity in location, design, age, and other features. These comparables have improvement assessments that range from \$73,300 to \$91,630 or from \$42.62 to \$53.27 per square foot of living area. The subject's improvement assessment of \$86,543 or \$50.32 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
