

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shiming Dong  
DOCKET NO.: 21-03249.001-R-1  
PARCEL NO.: 16-32-311-009

The parties of record before the Property Tax Appeal Board are Shiming Dong, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.<sup>1</sup>

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$61,776  
**IMPR.:** \$85,483  
**TOTAL:** \$147,259

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 2,000 square feet of living area. The dwelling was built in 1959 and is approximately 62 years old. Features of the home include a slab foundation, central air conditioning, and a 506 square foot garage. The property has an approximately 12,150 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding or brick exterior construction with 1,702 or

2,015 square feet of living area and are either 62 or 63 years old. The comparables are reported to have slab foundations. Each comparable also has central air conditioning and a garage ranging in size from 275 to 528 square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$49,722 to \$63,695 or from \$29.21 to \$32.33 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$147,529. The subject has an improvement assessment of \$85,483 or \$42.74 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are described as two-story dwellings of wood siding or brick and wood siding exterior construction that range in size from 1,970 to 2,260 square feet of living area. The comparables were built in 1959 or 1962. Each comparable has a slab foundation or a crawl space foundation, four comparables have central air conditioning, three comparables each have one fireplace, and each comparable has a garage ranging in size from 288 to 572 square feet of building area. The comparables have improvement assessments ranging from \$98,579 to \$103,840 or from \$44.23 to \$50.04 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as well as board of review comparables #3 and #4 which are less similar to the subject in dwelling size, have a smaller garage and/or lack central air conditioning when compared to the subject.

The Board finds the best evidence of assessment equity to board of review comparables #1, #2 and #5 which are more similar to the subject in dwelling size and features. These comparables have improvement assessments ranging from \$98,579 to \$100,908 or from \$45.37 to \$50.04 per square foot of living area. The subject's improvement assessment of \$85,483 or \$42.74 per square foot of living area falls below the range established by the best comparables in this record. Based on this evidence and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
