

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stacci Barosso
DOCKET NO.: 21-03251.001-R-1
PARCEL NO.: 16-33-102-072

The parties of record before the Property Tax Appeal Board are Stacci Barosso, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,320
IMPR.: \$52,250
TOTAL: \$86,570

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 1-story dwelling of brick exterior construction with 1,011 square feet of living area. The dwelling was constructed in 1948 and is approximately 73 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a garage with 357 square feet of building area. The property has an approximately 6,751 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject property and located within 0.22 of a mile from the subject. The comparables are improved with 1-story dwellings of brick or wood siding exterior construction ranging in size from 1,128 to 1,681 square feet of living area. The dwellings range in age from 67 to 71 years old. Each comparable has a

basement with two having finished area, central air conditioning, and a garage ranging in size from 240 to 287 square feet of building area. One comparable has one fireplace. The improvement assessments on these properties range from \$51,231 to \$76,539 or from \$44.73 to \$45.53 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$45,776 or \$45.28 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$86,570. The subject property has an improvement assessment of \$52,250 or \$51.68 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property and located within 0.19 miles from the subject. The comparables are improved with 1-story dwellings of brick exterior construction ranging in size from 984 to 1,100 square feet of living area. The dwellings were built from 1951 to 1959 and thus range in age from 62 to 70 years old. Each comparable has a basement with two having finished area, central air conditioning, and a garage ranging in size from 252 to 576 square feet of building area. Two comparables each have one or two fireplaces. The improvement assessments on these properties range from \$52,562 to \$67,049 or from \$53.15 to \$60.98 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables to support their respective positions. The Board gives less weight to the appellant's comparables as well as board of review comparables #3 and #5 which differs from the subject in dwelling size or have basement finish, unlike the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2, and #4 which are similar to the subject in location, design, age, dwelling size, and features. These comparables have improvement assessments that range from \$55,405 to \$67,049 or from \$56.02 to \$60.98 per square foot of living area. The subject's improvement assessment of \$52,250 or \$51.68 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
