

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Derek Dobrin
DOCKET NO.: 21-03259.001-R-1
PARCEL NO.: 16-31-115-008

The parties of record before the Property Tax Appeal Board are Derek Dobrin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$78,287
IMPR.: \$122,460
TOTAL: \$200,747

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of wood siding exterior construction with 3,245 square feet of living area. The dwelling was built in 1996 and is approximately 25 years old. Features of the home include an unfinished basement, central air conditioning, and a 600 square foot garage. The property has an approximately 12,344 square foot site and is located in Riverwoods, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables with the same neighborhood code as the subject property and located within 0.36 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction with 2,708 or 2,740 square feet of living area. The dwellings are 26 or 27 years old. Each comparable has an unfinished basement, central air conditioning, one

fireplace, and a garage with 650 square feet of building area. The comparables have improvement assessments that range from \$85,637 to \$87,574 or from \$31.62 to \$32.15 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$103,742 or \$31.97 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$200,747. The subject property has an improvement assessment of \$122,460 or \$37.74 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within 0.38 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction with 2,991 or 3,245 square feet of living area. The dwellings were built from 1994 to 1999 and thus range in age from 22 to 27 years old. Each comparable has an unfinished basement, central air conditioning, and an attached garage with 600 or 646 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments that range from \$130,622 to \$169,071 or from \$43.67 to \$52.48 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as well as board of review comparables #1 and #2 which are less similar to the subject in dwelling size than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #4, and #5 which are identical or nearly identical to the subject in location, design, age, dwelling size, and most features. These comparables have improvement assessments of \$166,619 or \$169,071 and either \$51.35 or \$52.10 per square foot of living area. The subject's improvement assessment of \$122,460 or \$37.74 per square foot of living area falls below the improvement assessments of the best comparables in this record. Based on this record, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
