

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dennis Levin
DOCKET NO.: 21-03270.001-R-1
PARCEL NO.: 16-21-411-001

The parties of record before the Property Tax Appeal Board are Dennis Levin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,976
IMPR.: \$87,174
TOTAL: \$127,150

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of aluminum siding and brick exterior construction with 1,624 square feet of living area. The dwelling was built in 1967 and is approximately 54 years old. Features of the home include a finished lower level, central air conditioning, and a 504 square foot garage. The property has an approximately 8,030 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of brick exterior construction ranging in size from 1,131 to

1,699 square feet of living area. The dwellings range in age from 46 to 66 years old. The appellant reported each comparable has a lower level with finished area. Each comparable also has central air conditioning and a garage that ranges in size from 276 to 638 square feet of building area. One comparable has a fireplace. The comparables have improvement assessments that range from \$50,525 to \$63,152 or from \$33.24 to \$44.67 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$127,150. The subject property has an improvement assessment of \$87,174 or \$53.68 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with one-story dwellings of brick or brick and wood siding exterior construction ranging in size from 1,596 to 1,678 square feet of living area. The dwellings were built from 1954 to 1959. The comparables each have a lower level, one of which is finished. Each comparable also has central air conditioning, one fireplace, and four comparables each have a garage ranging in size from 460 to 578 square feet of building area. The comparables have improvement assessments that range from \$90,206 to \$97,228 or from \$55.46 to \$57.94 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #3 and #4 due to differences in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #1 and the board of review comparables which are most similar to the subject in dwelling size and relatively similar in location, age, and some features. These comparables have improvement assessments ranging from \$56,476 to \$97,228 or from \$33.24 to \$57.94 per square foot of living area. The subject's improvement assessment of \$87,174 or \$53.68 per square foot of living area falls within the range established by the best comparables in the record and well supported by the board of review comparables. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
