

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Aaron Mann
DOCKET NO.: 21-03305.001-R-1
PARCEL NO.: 11-28-309-029

The parties of record before the Property Tax Appeal Board are Aaron Mann, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$55,708
IMPR.: \$229,369
TOTAL: \$285,077

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of brick and wood siding exterior construction with 4,480 square feet of living area.¹ The dwelling was built in 2012 and is approximately 9 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and an 837 square foot garage. The property has an approximately 20,328 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables located in the same neighborhood code as the subject property and within 0.21 of a mile from the subject. The comparables are improved with 2-story dwellings of brick

¹ The parties differ as to the subject's dwelling size. The Board finds the best evidence of the subject's size was the property record card which included a schematic drawing with measurements presented by the board of review.

exterior construction ranging in size from 3,980 to 4,457 square feet of living area. The dwellings range in age from 5 to 14 years old. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and a garage that ranges in size from 731 to 1,004 square feet of building area. The comparables have improvement assessments that range from \$187,875 to \$217,559 or from \$47.20 to \$48.81 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$216,659 or \$48.36 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$285,077. The subject property has an improvement assessment of \$229,369 or \$51.20 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and within 0.10 of a mile from the subject. Board of review comparable #5 is the same property as the appellant's comparable #3. The comparables are improved with 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 4,277 to 4,829 square feet of living area. The dwellings were built from 2013 to 2017 and thus would range in age from approximately 4 to 8 years old. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and a garage that ranges in size from 635 to 1,020 square feet of building area. The comparables have improvement assessments that range from \$208,782 to \$253,117 or from \$48.80 to \$55.90 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration, including one comparable shared by the parties. The Board gives less weight to the appellant's comparable #1 which is less similar in dwelling size than other comparables in this record. The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which includes the common comparable. These comparables are similar to the subject in location, design, age, dwelling size, and other features. These comparables have improvement assessments that range from \$198,215 to \$253,117 or from \$48.03 to \$55.90 per square foot of living area. The subject's improvement assessment of \$229,369 or \$51.20 per square foot of living area falls within the range of the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not prove by clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
