

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kyoung Oh
DOCKET NO.: 21-03308.001-R-1
PARCEL NO.: 11-20-413-015

The parties of record before the Property Tax Appeal Board are Kyoung Oh, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$43,224
IMPR.: \$92,637
TOTAL: \$135,861

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,251 square feet of living area. The dwelling was built in 1973 and is approximately 48 years old. Features of the home include an unfinished basement, central air conditioning, and a 484 square foot garage. The property has an approximately 12,347 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property and within 0.17 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,166 to 2,700 square feet of living area. The dwellings range in age from 47 to 51 years old. Each comparable has an unfinished

basement, central air conditioning, and a garage that ranges in size from 410 to 450 square feet of building area. Two comparables each have one fireplace. The comparables have improvement assessments that range from \$71,188 to \$103,540 or from \$32.87 to \$38.52 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$82,780 or \$36.77 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$135,861. The subject property has an improvement assessment of \$92,637 or \$41.15 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and within 0.23 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 2,183 to 2,284 square feet of living area. The dwellings were built from 1970 to 1974 with comparable #5 having an effective age of 1985. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a garage that ranges in size from 420 to 856 square feet of building area. Comparable #4 has an inground swimming pool. The comparables have improvement assessments that range from \$91,780 to \$97,747 or from \$41.54 to \$43.85 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #3, and #4 as well as board of review comparable #5 which differ from subject in dwelling size or effective age. The Board gives less weight to the appellant's comparable #2 which appears to be an outlier with an improvement assessment that is significantly lower than other comparables in this record. The Board also gives less weight to board of review comparable #4 which features an inground swimming pool, unlike the subject.

The Board finds the best evidence of assessment equity to be the three remaining board of review comparables which are similar to the subject in location, design, age/effective age, dwelling size, and other features. These comparables have improvement assessments that range from \$91,780 to \$94,866 or from \$41.54 to \$42.04 per square foot of living area. The subject's improvement assessment of \$92,637 or \$41.15 per square foot of living area falls within the range established by the best comparables in this record on an overall improvement assessment basis but below the range on a per square foot basis. Based on this record and after considering adjustments to the

best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
