

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Raj Ginne
DOCKET NO.: 21-03312.001-R-1
PARCEL NO.: 15-30-401-005

The parties of record before the Property Tax Appeal Board are Raj Ginne, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,805
IMPR.: \$68,732
TOTAL: \$90,537

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 1,762 square feet of living area. The dwelling was built in 1975 and is approximately 46 years old. Features of the home include a partially finished basement, central air conditioning, one fireplace, and a garage with 276 square feet of building area. The property is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property and within 0.25 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction with each having 1,762 square feet of living area. The homes are either 45 or 47 years old. Each comparable has an unfinished basement, central air

conditioning, and a garage with 276 square feet of building area. The comparables have improvement assessments of either \$64,168 or \$64,845 or of \$36.42 or \$36.80 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$64,313 or \$36.50 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$90,537. The subject property has an improvement assessment of \$68,732 or \$39.01 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on nine equity comparables located in the same assessment neighborhood code as the subject property and within 0.20 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction with each having 1,762 square feet of living area. The homes were built from 1976 to 1978 and thus would range in age from approximately 43 to 45 years old. The comparables each have a basement with eight having finished area. Each comparable has central air conditioning, and a garage with either 276 or 506 square feet of building area. Eight comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$68,615 to \$71,771 or from \$38.94 to \$40.73 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of thirteen equity comparables to support their respective positions. The Board gives less weight to the appellant's comparables and board of review comparable #9 which have unfinished basements, in contrast to the subject's partially finished basement.

The Board finds the best evidence of assessment equity to be the eight remaining board of review comparables, each of which has a partially finished basement like the subject. These comparables are also identical to the subject in dwelling size and similar in location, design, age, and most features. These comparables have improvement assessments that range from \$68,797 to \$71,771 or from \$39.04 to \$40.73 per square foot of living area. The subject's improvement assessment of \$68,732 or \$39.01 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
