

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jerry Papiernik
DOCKET NO.: 21-03313.001-R-1
PARCEL NO.: 11-29-312-026

The parties of record before the Property Tax Appeal Board are Jerry Papiernik, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$49,939
IMPR.: \$136,568
TOTAL: \$186,507

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,084 square feet of living area. The dwelling was built in 1999 and is approximately 22 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace, and a 604 square foot garage. The property has an approximately 13,010 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property and within 0.18 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,016 to 3,234 square feet of living area. The dwellings range in age from 21 to 24 years old. Each comparable has an

unfinished basement, central air conditioning, one fireplace, and a garage that ranges in size from 532 to 614 square feet of building area. The comparables have improvement assessments that range from \$115,199 to \$126,307 or from \$37.35 to \$40.17 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$120,276 or \$39.00 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$186,507. The subject property has an improvement assessment of \$136,568 or \$44.28 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and within 0.19 of a mile from the subject. The comparables are improved with 2-story dwellings of brick, wood siding, or brick and wood siding exterior construction with either 3,016 or 3,084 square feet of living area. The dwellings were built from 1997 to 2001 and thus would range in age from approximately 20 to 24 years old. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and a garage with 604 square feet of building area. The comparables have improvement assessments that range from \$133,620 to \$136,568 or from \$44.28 to \$44.78 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested equity comparables for the Board's consideration. The Board finds the comparables in this record are similar to the subject in location, design, age, dwelling size, and most features. The comparables have improvement that range from \$115,199 to \$136,568 or from \$37.35 to \$44.78 per square foot of living area. The subject's improvement assessment of \$136,568 or \$44.28 per square foot of living area falls within the range established by the comparables in this record. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
