

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Parkes
DOCKET NO.: 21-03314.001-R-1
PARCEL NO.: 11-27-108-033

The parties of record before the Property Tax Appeal Board are Michael Parkes, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,559
IMPR.: \$110,468
TOTAL: \$156,027

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,619 square feet of living area. The dwelling was built in 1979 and is approximately 42 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 484 square foot attached garage. The property has an approximately 12,384 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property and within 0.28 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 2,470 to 3,083 square feet of living area. The dwellings range in age from 40 to 44 years old. Each comparable has an

unfinished basement, central air conditioning, one or two fireplaces, and a garage that ranges in size from 462 to 492 square feet of building area. The comparables have improvement assessments that range from \$77,968 to \$106,171 or from \$31.57 to \$35.48 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$87,474 or \$33.40 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$156,027. The subject property has an improvement assessment of \$110,468 or \$42.18 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property and within 0.23 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,528 to 2,650 square feet of living area. The dwellings were built from 1977 to 1983 and thus would range in age from approximately 38 to 44 years old. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and a garage that ranges in size from 462 to 506 square feet of building area. The comparables have improvement assessments that range from \$107,159 to \$112,148 or from \$42.29 to \$42.39 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4 which differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size, and most features. These comparables have improvement assessments that range from \$77,968 to \$112,148 or from \$31.57 to \$42.39 per square foot of living area. The subject's improvement assessment of \$110,468 or \$42.18 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
