

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pondy Rosenfield
DOCKET NO.: 21-03327.001-R-1
PARCEL NO.: 11-36-401-084

The parties of record before the Property Tax Appeal Board are Pondy Rosenfield, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$108,773
IMPR.: \$227,934
TOTAL: \$336,707

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding and brick exterior construction with 4,145 square feet of living area. The dwelling was constructed in 2015 and is approximately 6 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 612 square foot garage. The property has an approximately 4,999 square foot site and is located in Lake Forest, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located in the same assessment neighborhood code as the subject property and within 0.09 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 3,073 to 4,143 square feet of living area. The dwellings range in age from 5 to 13 years old. Each comparable has an unfinished

basement, central conditioning, one or four fireplaces, and a garage that ranges in size from 518 to 605 square feet of building area. The comparables have improvement assessments that range from \$162,154 to \$202,590 or from \$48.90 to \$52.77 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$212,776 or \$51.33 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$336,707. The subject property has an improvement assessment of \$227,934 or \$54.99 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property and within 0.08 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding and brick exterior construction ranging in size from 4,143 to 4,188 square feet of living area. The dwellings were built in either 2008 or 2011 and thus would be approximately 10 or 13 years old. The comparables each have an unfinished basement, central air conditioning, two to four fireplaces, and a garage with 605 square feet of building area. The comparables have improvement assessments that range from \$226,212 to \$230,971 or from \$54.57 to \$55.18 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #2 and #3 which differ from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and the board of review comparables which are overall more similar to the subject in location, design, age, dwelling size, and other features. These comparables have improvement assessments that range from \$202,590 to \$230,971 or from \$48.90 to \$55.18 per square foot of living area. The subject's improvement assessment of \$227,934 or \$54.99 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
