

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Benjamin Dolnik
DOCKET NO.: 21-03328.001-R-1
PARCEL NO.: 15-31-107-001

The parties of record before the Property Tax Appeal Board are Benjamin Dolnik, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,544
IMPR.: \$155,757
TOTAL: \$204,301

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of brick and wood siding exterior construction with 3,444 square feet of living area. The dwelling was built in 1988 and is approximately 33 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces, and a 960 square foot garage. The property has an approximately 89,298 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables with the same neighborhood code as the subject property and located within 0.20 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,112 to 3,680 square feet of living area. The dwellings range in age from 33 to 35 years old. Each comparable has a basement with

one having finished area and one being a walkout style, central air conditioning, and a garage ranging in size from 484 to 960 square feet of building area. Three comparables each have one or two fireplaces. The comparables have improvement assessments that range from \$122,895 to \$157,283 or from \$35.66 to \$43.75 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$137,846 or \$40.02 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$204,301. The subject property has an improvement assessment of \$155,757 or \$45.23 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within 0.21 of a mile from the subject property. Board of review comparables #2 and #4 are the same properties as the appellant's comparables #4 and #3. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 3,367 to 3,595 square feet of living area. The dwellings were built from 1985 to 1994 with comparable #1 having an effective year built of 1988. Each comparable has a basement with four having finished area, central air conditioning, from one to three fireplaces, and a garage ranging in size from 640 to 1,070 square feet of building area. Comparable #1 has an inground swimming pool. The comparables have improvement assessments that range from \$145,384 to \$162,010 or from \$41.09 to \$45.84 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration, which includes the parties' two common comparables. The Board gives less weight to board of review comparable #1 which has an inground swimming pool, unlike the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, design, age, dwelling size, and most features; except four comparables have basement finish which is not a feature of the subject. These comparables have improvement assessments that range from \$122,895 to \$162,010 or from \$35.66 to \$45.84 per square foot of living area. The subject's improvement assessment of \$155,757 or \$45.23 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, including basement finish, the Board finds the appellant did not

demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
