

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karan Shah
DOCKET NO.: 21-03331.001-R-1
PARCEL NO.: 11-11-202-041

The parties of record before the Property Tax Appeal Board are Karan Shah, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$53,332
IMPR.: \$110,149
TOTAL: \$163,481

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,744 square feet of living area. The dwelling was constructed in 1999 and is approximately 22 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 500 square foot garage. The property has an approximately 15,128 square foot site and is located in Green Oaks, Libertyville Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction that range in size from 2,432 to 3,254 square feet of living area. The homes range in age from 21 to 23 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace,

and a garage ranging in size from 440 to 507 square feet of building area. The comparables have improvement assessments that range from \$75,296 to \$124,859 or from \$29.66 to \$38.37 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$95,902 or \$34.95 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$163,481. The subject has an improvement assessment of \$110,149 or \$40.14 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction that range in size from 2,624 to 2,947 square feet of living area. The homes were built in 1999 or 2000. Each comparable has an unfinished basement, one fireplace and a garage ranging in size from 440 to 738 square feet of building area. Four comparables have central air conditioning. The comparables have improvement assessments that range from \$105,446 to \$120,538 or from \$40.19 to \$41.48 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 which appears to be an outlier with its considerably lower improvement assessment relative to the other comparables in the record. The Board also gives less weight to the appellant's comparable #2 and board of review #3 due to differences from the subject in dwelling size or lack of central air conditioning.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, age, design, dwelling size, foundation type and features. These six comparables have improvement assessments that range from \$105,446 to \$124,859 or from \$36.74 to \$41.48 per square foot of living area. The subject's improvement assessment of \$110,149 or \$40.14 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
