

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joao Belo
DOCKET NO.: 21-03346.001-R-1
PARCEL NO.: 11-02-304-009

The parties of record before the Property Tax Appeal Board are Joao Belo, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$79,996
IMPR.: \$200,533
TOTAL: \$280,529

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,895 square feet of living area. The dwelling was constructed in 1996 and is approximately 25 years old. Features of the home include an unfinished basement, central air conditioning, two fireplaces and a 744 square foot garage. The property has an approximately 31,735 square foot site and is located in Green Oaks, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .12 of a mile from the subject. The comparables consist of two-story dwellings of brick or wood siding exterior construction ranging in size from 4,214 to 4,496 square feet of living area. The dwellings are 25 or 26 years old. Each comparable has an unfinished basement, central air

conditioning, one to four fireplaces and a garage ranging in size from 672 to 832 square feet of building area. The comparables have improvement assessments that range from \$200,134 to \$221,655 or from \$44.52 to \$49.52 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$184,623 or \$47.40 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$280,529. The subject property has an improvement assessment of \$200,533 or \$51.48 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .20 of a mile from the subject. The comparables consist of two-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 3,251 to 4,421 square feet of living area. The dwellings were built in 1995 or 1997. Each comparable has an unfinished basement with two having walkout style, central air conditioning, two to six fireplaces and a garage ranging in size from 744 to 792 square feet of building area. The comparables have improvement assessments that range from \$177,052 to \$226,841 or from \$50.36 to \$62.52 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparable #2 which is significantly smaller in dwelling size relative to the subject dwelling.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review's comparables #1, #3 and #4 which are relatively similar to the subject in location, age, and dwelling size but have varying degrees of similarity in other features. These seven comparables have improvement assessments that range from \$200,134 to \$226,841 or from \$44.52 to \$62.52 per square foot of living area. The subject's improvement assessment of \$200,533 or \$51.48 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
