

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank Trznadel
DOCKET NO.: 21-03359.001-R-1
PARCEL NO.: 11-36-201-068

The parties of record before the Property Tax Appeal Board are Frank Trznadel, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$84,517
IMPR.: \$156,445
TOTAL: \$240,962

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.¹

Findings of Fact

The subject property consists of a one-story dwelling of brick and wood siding exterior construction with 2,990 square feet of living area.² The dwelling was constructed in 1998 and is approximately 23 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 484 square feet of building area. The property has a 7,284 square foot site and is located in Lake Forest, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .09 of a mile of the

¹ By letter dated November 3, 2022, the appellant waived the request for a hearing in this matter.

² The parties differ as to the subject's dwelling size. The Board finds the subject's property record card submitted by the board of review, which was not refuted by the appellant, to be the best evidence of dwelling size in the record.

subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick or wood siding exterior construction ranging in size from 3,247 to 3,498 square feet of living area. The homes are 21 to 23 years old. Each dwelling has central air conditioning, one or two fireplaces, an unfinished basement, and a garage containing either 484 or 904 square feet of building area. The parcels range in size from 6,899 to 8,236 square feet of land area. The comparables sold from July 2020 to May 2021 for prices ranging from \$513,000 to \$715,000 or from \$157.99 to \$214.01 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$194,591, for an estimated market value of \$583,831 or \$195.26 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$240,962. The subject's assessment reflects a market value of \$724,698 or \$242.37 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within .07 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 2,359 to 2,697 square feet of living area. The dwellings were built from 1996 to 1998. Each dwelling has central air conditioning, a fireplace, an unfinished basement, and a garage containing either 441 or 462 square feet of building area. The parcels range in size from 6,980 to 7,960 square feet of land area. The comparables sold from March to December 2021 for prices ranging from \$580,150 to \$715,000 or from \$245.93 to \$265.11 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables, which differ from the subject in design. The Board also gives reduced weight to board of review comparable #3, which differs from the subject in dwelling size.

The Board finds the best evidence of market value to be board of review comparable sales #1 and #2, which are similar to the subject in age, design, location, dwelling size, and features. These most similar comparables sold for prices of \$675,000 and \$715,000 or for \$257.04 and \$265.11 per square foot of living area, including land. The subject's assessment reflects a market value of \$724,698 or \$242.37 per square foot of living area, including land, which is below the

best comparable sales in this record on a per-square-foot basis. While the subject's estimated market value is above the best comparables overall, the Board finds it logical given the subject's larger dwelling, larger basement, and larger garage in relation to the best comparables. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
